- 72 — MASTER SCREENING

Working in the contemporary technological environment: work, technology, knowledge and ethics in a global world

Estimatedly, 100,000 to 150,000 people were killed during the genocide. The genocide was the first time in the history of the world that a group of people was targeted and killed solely because of their ethnicity.

Received 27 Sept.
 Original accepted 1.
 Revised accepted 1.
